

A Word from our Advertiser!

East Bay Tire Co. has been partnering with Ag Source Magazine for several years. Advertising in this publication has helped us position our products and world-class service in front of customers throughout the Fresno Valley, Salinas Valley and several coastal communities that are looking for the variety and consistency we offer. Carrie Rodriguez and the advertising team make working with Ag Source Magazine easy and enjoyable. They get to know your business and become active players in helping to reach your advertising goals. We've come to thoroughly enjoy the exposure we gain by advertising monthly and the customers who consistently say they've seen our ads in the magazine. We are looking forward to continuing our partnership with Ag Source Magazine in the future.
