

A Word from our Advertiser!

Ag Source Magazine has been instrumental in helping me sell real estate, especially when it's ag related. It's a wonderful way to reach out to thousands of people at one time. Not only has it helped me in my career, it's also been a great tool for my husband who owns an orchard spraying business. It's helped him locate much needed equipment as it's a great source of information, or pick up new customers with advertising. When attending the Tulare Farm Show we look forward to picking up our copy of the special edition... it's become a tradition! Thank you for the last 20 years of service!!!
